22	Lopez	Martha	10B
23	Lopez-Hernandez	Esmeralda	4B
24	Maydon	Sarissa	15A
25	Morales	Marissa	13B
26	Patino	Viviana	3A
27	Putman	Bryce	6B
28	Rodriguez	Erik	14A
29	Sanchez	Erika	7A
30	Vega	Marc	8A
31	Zamora	Augustin "Auggie"	3B

A = in favor of the proposition B = opposed to the proposition

1. The State of California should provide access to free education for associate degree students.
2. The State of California should overturn the funding for the high speed rail.
3. The US federal government should mandate a minimum wage nationwide that is comparable to a livable wage.
4. The US federal government should substantially reduce its restrictions on legal immigration.
5. The US federal government should address and condemn the gender wage gap in the US.
6. The department of education in conjunction with state governments should encourage and fund online education courses at a higher rate as an incentive to increase degree completion.
7. Commercial DNA registries should be mandated to ensure the results are private and not shared with any individual or governmental agency without written consent.
8. Colleges and Universities should pay their student athletes.
9. The Environmental Protection Agency should demand higher restrictions on the use of and disposal of plastic products.
10. Social Media organizations should be held libel for the spread of fallacious content.
11. The State of California should fund strategies to reduce the occurrence of drought in the San Joaquin Valley.
12. The American Medical Association should allow a form of physician assisted suicide or death with dignity options in all hospitals.
13. College Campuses should limit free speech if there is the potential that it could lead to violence.
14. The federal government should make drastic changes to the current prison system with a stronger focus on reform.
15. The federal government should build a wall on the southern border to reduce illegal immigration.
16. The federal government should insist and implement stronger regulations to protect consumer privacy.
